

# Deeper Than Rap

Sha EK

(Ayo, Eli, what the fuck?)

Gotta stay with my sitchy, baby, I can't lack  
This shit get deeper than rap  
Gotta cover her mouth when I hit from the back  
The neighbors gon' think that I'm catchin' a pack  
When we fuck, take a pic of her chat  
All her exes be mad that I slapped  
They tried to tell me that that nigga fight, but he ran when I backed out my  
strap  
They was confused when I bent with the Makk  
Run down, watch how they click off your hat  
Nine lives, that nigga move like a cat  
Like, how many times you got clapped?  
Niggas caught me, I wasn't on 50, then I had to spin right back  
Go check the Citizen app
