(Young Madz)
(Chee on the beat)

EBK, niggas gotta get it
I'm a pawn staying on my pivot
When I get mad, they be saying I'm glitching
Big drop O, leave a nigga twitching
Wuski died, they left him with the fishes
Ask about gang, we fucked on y'all mistress
I got a Glock, but it don't got a switch
Fuck Notti, he resting in piss
DD linked up with the opps, he a bitch
Die Jet, I catch me a lie, go, it's lit
Like ask what we did to the six
Like ask what we did to three six
Hop out the Benz, and that nigga got ripped
Lefty was with me, I poked the assist
Big EMS, I'm not changing my mind
Fuck the Nick, fuck the Nine

I only fuck with the Bridge, they my slimes
Bitch I ain't 41, they just give me time
Like, 'cause I was committing them crimes
I was poking niggas, for they dimes
PJ a 40, ain't you free your time
Free bro, so much can say on that line
Who the fuck is these new niggas on the streets?
What the fuck is a Sweep?
Who the fuck is a NazGP?
Where the Sweeps, we spinning three deep
Really six, and we all out the G
Poke out the V, and we troopin' on feet
Thought he blew to the sky, he turn to a pea
I'm always bending through Carver
I be balling in Carver
How the fuck they be smoking my father?
I'm with the L's, and they screaming out L'zz
I'm with the Sweeps, and they screaming out yo
Catch me, 'cause I'm getting flowers
We was on timing walking in the towers
We was moving, like that shit was ours
We almost got beat, who's knock was louder?
Grah, but I don't give a fuck
Either way, me and bro, we don't duck

EBK, niggas gotta get it
I'm a pawn staying on my pivot
When I get mad, they be saying I'm glitching
