Sha EK

Pxcoyo on this beat, bitch
Chee
All this money
Gang, gang, gang

All this money got me looking flashy
I look different, walking in the spot
We ain't walking with security nigga
We just walked in with the chop
And these bitches be jackin' and fuck with gang
Then they go fuck with the opps
And this too much money, thrown in the street
How you stay broke, on your block?

We working nigga, we don't stop
OGE, watch me get to the top
Switch the whip, if I'm hot
If a new opp die, I'ma smoke him a lot
Love my fans, but don't try to get out of line, niggas get shot
And the pussy niggas, that be reacting to my music
They gon' get smacked with the chop
Niggas get robbed for they watch and they chain
Niggas get robbed for they rings
And I did all this shit, for my gang
Niggas never did a thing
If a nigga playing with my name, he'll get put in a blunt
And I went crazy and dropped ten vids
Then I got signed in a month, grah

All this money got me looking flashy
I look different, walking in the spot
We ain't walking with security nigga
We just walked in with the chop
And these bitches be jackin' and fuck with gang
Then they go fuck with the opps
And this too much money, thrown in the street
