

Got Bigger

Sha EK

(Perry K, you did a [?])

Niggas let off shots, the police yellin' out, "Freeze"
A nigga say he bro and he ain't helpin' his team
Let me tell you, they don't wanna see you succeed
How niggas mad that I been gettin' bigger?
Every show I'm doin', I'm gettin' litter
I was eighteen when I signed for six-figures
Now they wanna say that they was with us
I ain't never seen nobody with us
I just know that they was never there
Nigga, I'm not snitchin', they gon' put me on the chair
Fuck the fame and fuck the bread 'cause, nigga, I can't get my
bros back
Couple niggas askin' why they broke, because they chose that
I been smokin' opps and reminiscin' 'bout our throwbacks
Run a nigga play, we threw a shot and tell em hold that
Y'all ain't never know that, now y'all niggas know
Niggas movin' weird so I'm not pickin' up my phone

And my chop always be with me so I never be alone
This'll really motivate me, makin' music while I'm home
Livin' better, doin' great, I'm makin' hits, I'm in my zone
Livin' better, doin' great, I'm makin' hits, I'm in my zone

Niggas let off shots, the police yellin' out, "Freeze"
A nigga say he bro and he ain't helpin' his team
Let me tell you, they don't wanna see you succeed
