

It's Just Us

Sha EK

I'ma walk the world baby, it's just us, you wanna argue and fuck
Take a sip in my cup, I'ma fuck you like a slut
That's what she say when I hit it, I like to beat it and kill it
She throw it back, 'til I finish

She get mad, whenever I be spinnin'
I had to dribble, before I got the millions
Come and feel on my belt, you got problems baby, I can help
Only one truth, oh they bitches got shelf
Pussy you up it, all them bitches melt
"Give us some bread", 'til I brought all her friends
When she come back we fucking in the bed

I'ma walk the world baby, it's just us, you wanna argue and fuck
Take a sip in my cup, I'ma fuck you like a slut

When we outside, I be grabbin' her butt, I'm a demon
She gon' throw me some neck, or I'm leavin'
Thanks to God, that them niggas still breathin'
Double back, cause that pussy was wack
She like: "Why you addicted to sex?"
Whenever I pull out, I'm making a mess
Hit it so good, that she threw up my set
I-I got her mad, she threw on my text
She want company, I'm a guest
She fuck the way how I, and I left
She tryna tell me I did it the best

I'ma walk the world baby, it's just us, you wanna argue and fuck
Take a sip in my cup, I'ma fuck you like a slut
That's what she say when I hit it, I like to beat it and kill it
She throw it back, 'til I finish
