

# Less Than 24 Hours

Sha EK

(Ayy, J1, that's flames, my bro)  
You wanna play rough?  
(Turn that up, Young Madz)  
Okay, say hello to my little friend  
OGz the fuck up  
Uh-huh  
Pow, pow, pow, pow, pow

We take L'zz and we spinnin' the same day  
Less than 24-hours  
Throw a shot before we buy a flower  
We was in they block, it's ours, nigga  
Qua got to glitches, rapid fire, they thought we had switches  
And we don't give a fuck 'bout no witness  
Rest in peace , we stand on business

They been tellin' me TP, we was spinnin' with two different G3s  
All black, they was scared when they seen me, 'cause they know that this shit not a BB  
We had them runnin', we was yellin' G'zzly  
Before you take one of mines, they gon' say: "Free me"  
Hollow tips comin' at you like they 3D  
46-K, nigga, go ask Ricky  
We stand on real shit, all my 'ooters turnin' on that kill switch  
I don't give a fuck 'bout the money and fame, I just got the drops on this 'lil bitch  
And now we gon' flick at they buildin', we don't care 'bout no old heads and children  
And the way that I'm feelin', I'ma get nasty, they gotta save a civilian  
We gotta let that shit bang, everything that we do, for the gang  
The first one to catch a PD, get a chain  
If I ever get slapped, then I ain't saying no name  
-, that lil' boy caught a legshot  
Nigga fell on his face, like a headshot  
They better duck, for the rest of the summer  
Watch what we do to the next opp

We take L'zz and we spinnin' the same day (Uh-huhh)
