I told them niggas, "I'm back"  
I told my niggas, "Fuck buyin' diamonds and shit, go get that m  
oney and stack"  
I had to learn not to argue wit' niggas, 'cause niggas can't ge  
t to the level I'm at

And I really chilled out with the dissin' and shit, but forever  
I be movin' tact  
They got my rips and the Os in the fence in the island, wish th  
ey could see where I'm at  
Got to the top by myself, on my doley, while them other niggas  
fell off track  
I love my label they helped me run laps on them niggas, now bit  
ch, look where we at  
I'ma keep sellin' out shows on my own, so I can keep runnin' up  
racks  
If I keep makin' hits, word to my dead, I'ma get me a plaque  
But when it comes down to the streets, I went diamond you know
