Everything dead, gotta stand on that shit

I'ma say it like this
Everybody suck my dick
I'm tired of chillin' and makin' this music, I'm tryna really go catch me a hit
They can't say that we opps no more 'cause they seen me in person and they ain't do shit
Everywhere that I go, I be on that, it was just me, zaza, and my bitch

The niggas y'all be with be shakin' they hips
Please don't lack when we totin' our grips
Why y'all lil Harlem niggas keep on droppin' the O like my circle did not take risks?
If we bend through the 2 and they wasn't outside, we caught a opp on the 6
Y'all niggas still in the park, when we had to get back, it was time to take trips

I'ma say it like this
Everybody suck my dick
I'm tired of chillin' and makin' this music, I'm tryna really go catch me a hit
They can't say that we opps no more 'cause they seen me in person and they ain't do shit
Everywhere that I go, I be on that, it was just me, zaza, and my bitch

Like, someone pass me the Ripk
Like, someone pass me the Caine
I'm wit' the L'zzz, so I'm spinnin' wit Maine
If I see Sdot, I'ma let it flame
Niggas be jackin' they don't know my body, once a Gzz drop, everything gon' change
His bitch wanna fuck me, I been on hots
I'ma get on her phone and I'ma get the drop
She like, "EK, you different, you got it on lock"
Bitch, is you tryna suck it or not?
But we don't bring opp bitches to the crib, we send them straight to the lot
She throw up Jet and she throwin' up Gzz, but she stay with the Os on my block
Opp nigga died, should've took his pops
'Cause that nigga talk to the cops

I'ma say it like this
Everybody suck my dick
I'm tired of chillin' and makin' this music, I'm tryna really go catc
