

# Look At Me Now

Sha EK

Grah, gang gang gang

I know some niggas who told me that I wouldn't be shit  
Bitch, but look at me now  
When I got signed, I wanna spend some money  
On shit I can't even pronounce  
New opp die, homie went missing  
And my brother, that nigga got found  
When I go and buy shit for the gang  
Bitch, I never ask the amount

I would just do a hotels for a month  
When I touch that, bruh had to buy me a house  
I like to only do feature with gang  
Cause niggas would do anything for the clout  
Sorry to all of my fans in Boston  
Boy try to play with me, we ran in his mouth  
PTSD gat me moving tact'  
With the Goons, they wearing all black  
I was sure niggas never gon' die for you nigga  
You better throw your strap  
On my way to play dents on the block  
Bitch, I gotta sit on my line  
Smokin' on all my opps that die  
Fuck it, that nigga is not coming back  
And I think I don't mix them together  
Shit crazy all them niggas in the back

I know some niggas who told me that I wouldn't be shit  
Bitch, but look at me now  
When I got signed, I wanna spend some money  
On shit I can't even pronounce
