

Turn that up

I can't go out like Benji 'cause that nigga dead, like he shoul
da had him some bread
Wooski jumped right off of that ledge for tryna be down to take
meds
JayBlockK, them niggas feds
Like, Safaree got hit in his leg
Them niggas pussy, I said what I said
Catch Alpha, then I'm throwing lead

Where the blammers? I'm tryna shoot
Spun 30 block, it was me and the suits
I made the Bronx stop jacking them too
On the West side, we really did it, the truth
Free the guys, we done bent through the Nick
Shells got dumped, I was dropping them quick
Matt Savv got killed and they still ain't do shit
We heard the bullets really made him twitch, we heard the bulle
ts really made him flip, 2WooK, all that shit to my dick
They said it's crazy, I'm "OYK"
Suck my dick I'm smoking on Caine
In the Bronx, I be smoking on Shane
Die Gz, bitch we Die Y gang
We not smoking on Lotti no more, he lame
He had to die just to get some fame

I can't go out like Benji 'cause that nigga dead, like he shoul
da had him some bread
Wooski jumped right off of that ledge for tryna be down to take
meds
JayBlockK, them niggas feds
Like, Safaree got hit in his leg
