

My All

Sha EK

I'ma give you my all, if you let me, bro gotta pay for a Chevy
I got the chop, but this shit gettin' heavy
I'ma look at you different, if you feel like Melly
Bro did seven, but he got a ten piece
Couple more years and he walk out that door
Free [?], that's my brother for sure (Uh-huh)
She wanna ride in my whip, she know I'm oppy, so she tote my gr
ip
I acted scared, when she seen that I flick
I took her home, and had to give her dick
I seen the news, I almost caught a spliff
I been stacking my bread, I had to get my shit up
I'm feelin' safe, whenever I'm with her

I do this shit for my bro and my sister
Whenever she down, I got up and lift her
Grabbing her closer, I wanna kiss her
She looking sexy, I'm taking her pictures
I wanna bust on her tats, baby, your shit looking fat
I got a glizzy, when you throw it back
You told me: "Nigga, you better not lack"
You love it when I'm inside it, I love it when come ride it
Whatever you want, baby, I'ma buy it
You been saying you good, but I'm still gon' try it
Cause this shit get deeper than what niggas think
I fuck you good, whenever we link
Victoria's Secret, oh, you wearing pink
Casamigos or Don, what you wanna drink?

I'ma give you my all, if you let me, bro gotta pay for a Chevy
I got the chop, but this shit gettin' heavy
I'ma look at you different, if you feel like Melly
