Sha EK

Yeah, yeah  
Let's go, let's go  
Yeah, yeah

She fuck my nigga, I fucked her bitch  
She think we even  
She don't know that be my brother, we be schemin'  
I play a nice guy on the low, but I'm a demon  
Aye that's your bitch, then why she drowning on my semen?

I think that opp, before that clock turn into even  
Cause at the end of the day  
Baby know I'm low  
My bitch gon' call me, I'ma say I'm in the mall  
Rest in piece, I learned that move from Uncle Paul  
Hopped the travel, this ain't a tenner I ain't black  
That chopper gon' start gon' turn a nigga into yak  
Every mouth's gon' get clicked, nigga I hate a rat  
I know you miss a nigga baby, yeah I'm back  
Yeah, I'm back, yeah, I'm back  
You ain't gotta say you miss a nigga  
I told that bitch she can suck dick, but never kiss a nigga  
I'ma vote for Trump because I'm gettin' sick of niggas  
Niggas threaten like they hate me, but won't beat a nigga  
Tay Spades, I'ma motherfuckin' dog  
Her nigga run up, I'ma hit him in the jaw  
My momma send 'em, give me sadness 'firullah  
Her nigga actin' picture, do some to the law  
Middle finger, middle finger to the law  
The only thing a nigga scared of is Allah  
My niggas mellow till' we waitin' for the car  
I get rocky, that Lucky know to spin the car

She fuck my nigga, I fucked her bitch  
She think we even  
She don't know that be my brother, we be schemin'  
I play a nice guy on the low, but I'm a demon  
Aye that's your bitch, then why she drowning on my semen?

Check the views bitch, you know I'm back  
I'm the face of the Bronx, but niggas tryna act  
They be out, screamin' free the Makks  
The day they free Rack, we put him in a pack  
(Check the views bitch, you know I'm back

Jayrip he got put in a spliff  
And Rah Rah he restin' in piss  
Like 30 just pass me the 30  
We can pull up, we doin' 'em dirty  
I ask Sally, how the fuck you touch me?  
I'm on top, lil' Jamie you was lucky  
Oh Edot's lil' bitch she was mad when she fuck me  
Oh Edot's lil' bitch she was mad when she fuck me

Okay, okay, okay  
Okay, okay
