

Shot In The Party

Sha EK

(Chee on the beat)

(Mmm, nah, turn that up, Young Madz)

They like, "EK you buggin', just chill, how you be buggin' when you signed a deal?"

Told 'em, "Get off my dick, I'm good"

I told them niggas I'm misunderstood

Niggas mad cause I'm rockin' my carti

Stay with 2woo, you get shot in the party

I show love, they ain't show love back

Deez on that block, so you know Imma tuck that

Free PJ, he a demon

Brodie was really spinnin' for no reason

If a nigga move wocky, hoppin out and squeezin'

I remember that day we left them niggas bleedin' (Grrah)

Money's nothin', I get 'em bands

I really cried cause that was really my mans

Now it's thirteen thousand for the drip

I got some money and bought me a grip

And I'm eighteen, you ain't do shit that I did, how you gon' play me?

I can finally see that niggas hate me

Bitches get smacked tryna play with my lady

That's fax, I gotta buy me a whip

The first thing I did was go buy me a grip

I ain't switch on the hood, I came back

But this hood shit really gettin' wack

I was on court around ten

If you ask me that's my motivation

I was just starvin', I was waiting patient

Fuck all the politickin' and debatin'

No friends, Just me and Dot

They my day ones so I love 'em alot (Grrah)
