Sha EK

Chee (Chee on the Beat)  
That's what I'm talkin' about, that's my MVP  
That's why he's the goat, the goat (24 is the Goat)

Niggas told me to give up  
Like, you two years in and you've been havin' hiccups  
I've just been thinkin' 'bout the bigger picture, but when niggas talk I really wanna hit stuff  
Like, don't get it mixed up  
Word to bro, I be ready to blitz 'em (Bow)  
Don't forget, nigga, the opps, they K  
Playin' with me, get your bitch fucked

I told Noodles that I want a big truck  
Ridin' 'round in New York, I be gripped up  
I was outside frontin', not siss'ed up  
And I'm still droppin' 4z for my sister (4z)  
This shit never could end, It's just me and my G when I bend  
If I'm screamin', "Creep," and they say it back, watch how much shots I'ma send  
Like, this shit got nasty, I'm really missin' my friends  
Like, rest in peace Dotty, but, OYK, we could not make amends  
Like, that really hurt me the most  
Word to my dead, we was close  
Now I'm lurkin', prayin' that they loaf  
In the streets, it get wicked  
It was no one outside but the crickets  
We got a new chop, I wanna flick it  
We smokin' new opps, Mdot got me glitchin'  
JBlockK, they found Wu with the fishes  
And we be on the East, nigga, go ask y'all bitches  
They be scared when we slide 'cause they know that we vicious  
And they know that we never be missin'  
I could beef with the world by myself  
I ain't never ask no one for help  
EBK Choppa got beat with the belt  
Tried to joke but you know how that felt  
I done so many drills by my doley  
I'm so tough, I never had a Co-D  
Your favorite drill rapper got cut in the face, and that nigga spoke to the police (Don't run)

Niggas told me to give up  
Like you two years in and you've been havin' hiccups  
I've just been thinkin' 'bout the bigger picture, but when niggas talk I really wanna hit stuff  
Like, don't get it mixed up  
Word to bro, I be ready to blitz 'em  
Don't forget, nigga, the opps, they K  
Playin' with me, get your bitch fucked
