Sha Gz

(Ooh, ooh)  
(Ooh, ooh)  
(Am I wrong, for thinkin' out the box from where I stay)

Movin' tact so I stay on my pivot  
I can be dead or in jail any minute  
We up next, fuck a vision like  
I'm tryna move out the hood when I'm finished  
And they know bitch I'm back and I'm better  
And I'm loving, this berretta  
Send me the addy we slide any weather  
Fuck all the opps we can link up whenever  
Got a baba who totin' berretta  
She let me fuck from the back when I met her  
She like "Sha Gz you so clever"  
Glock with a stick that hold 30's and better  
Smoke who, nigga never  
Creep down they block anytime any weather  
Smoke who, nigga never  
Creep down they block anytime any weather

In his damn mind  
Don't die like  
He went out like (RIPPY!)  
Like hold on don't trip, Nesty get gritty walking through they strip  
Got a baba totin' on a blick  
TG be mad we fucking on his bitch  
Say what, smoke who  
Tell that Kenzo nigga suck a dick  
Smoking on JB mix it with the Rip  
They like "Sha you be buggin' tryna make it lit"  
And my old bitch really wack  
Couldn't hold it down now I'm back  
All these new thots wanna fuck cause I rap  
I don't want your IG bitch I want your Snap  
Like no cap, let's talk facts  
Most of y'all mans either died or got clapped
