

Cabelas

Shaboozey

Aye start it from the top

Drip, Drip, Splash
Drip, Drip, Splash
Drip, Drip, Splash
Drip, Drip, Splash

Drip, Drip, Splash
I just left Cabela's with some bags
Wrangler on my body, this ain't Raf
Don't be choosing up, lil hoe this ain't no draft
Drip, Drip, Splash
Counting up, now look who's good at math
Had to cut her off, cause all she do is nag
Pockets loaded I don't need no strap

She said "Boozey you move too fast"
Can't you see I'm tryna get this cash
Why'd you go and mess up what we had
You love me now, oh please don't make me gag
I'm out here in your city and we haven't linked up
Clubbing with your girls, go on baby drink up
I called you two times and you didn't pick up
I can't hear you talking, girl you gotta speak up

Ok you got it
You can go ahead and do your own thing woah
Girl you got it
You can go ahead and do your own thing now

Girl you must be doing voodoo
Cocoa Puffs you got me going coocoo
She wanna catch a vibe, I'm like a guru
Ok she hot, she popping up like a Toaster Strudels
Aye jiggle baby let me see it
Ok twerk it like you really mean it
Shake it shawty, shake it like you tryna rid your demons
Face it shawty, there's no one like me you best believe it

Drip, Drip, Splash
I just left Cabela's with some bags
Wrangler on my body, this ain't Raf
Don't be choosing up, lil hoe this ain't no draft
Drip, Drip, Splash
Counting up, now look who's good at math
Had to cut her off, cause all she do is nag
It's not you it's me, girl don't be sad

Ok you got it
You can go ahead and do your own thing woah
Girl you got it
You can go ahead and do your own thing now
Ok you got it
You can go ahead and do your own thing woah
Girl you got it
You can go ahead and do your own thing now
