

# Dream

Shaboozey

We would run out out of gas  
Got out the car and we pushed it  
Used to front on the streets  
We ain't land on no cushions  
Knew I'd end up on top  
Even when some said I couldn't  
Came from humble beginnings, now I flex when I shouldn't  
Tell them boys in my city no more finessin' and druggin'  
Made a mil' off a tape  
Man the proof's in the puddin'  
Don't be sayin' fuck radio, they [?]  
Oh please don't cry, everything's fine

I-I don't need no ride  
Flexin' [?] drive  
All it took was time when I sleep I dream of Gina  
She won't tell me lies, she will keep me high  
I don't have to hide when I sleep I dream of Gina  
When I sleep I dream of Gina  
Purple drank, the color [?]  
When she leave she got me feenin'  
Come on home you know I need it  
When I close my eyes  
When the sun don't shine  
Every single night  
When I sleep I dream of Gina

So many bottles of Ace'  
My [?]  
Told her stay here in London and she's gone by the mornin'  
Oh yeah, she say baby I can be your everything  
But she just wanted me to buy her everything  
Diamond chain, diamond ring, put her in a Range  
W-When she ride that d-, she drive her man insane  
The way she move them hips I might just make it rain  
The way she lick her lips put me through so much pain

Don't call me no more  
Can't talk, too gone  
Shawty you drama [?]  
Come around my team, I'ma cause a scene

I don't need no ride  
Flexin' [?] drive  
All it took was time when I sleep I dream of Gina  
She won't tell me lies, she will keep me high  
I don't have to hide when I sleep I dream of Gina  
When I sleep I dream of Gina  
Purple drank, the color [?]  
When she leave she got me feenin'  
Come on home you know I need it  
When I close my eyes  
When the sun don't shine  
Every single night  
When I sleep I dream of [?]

Seen her on Pico

She had no [?]  
I called her over, asked for her name  
Told me Regina, didn't believe her  
I must be dreamin'  
Said "do I know you?"  
She had me leave, she turned away  
I told her wait, maybe stay  
I can't go another day  
(We have found her)

Gina, Gina, Gina  
Gina-I'm pleadin'  
Gina, Gina, Gina  
Have one last dance with me
