

Faithfully

Had to work for a comma
Since I ran into a comma
Gave me the cold shoulder
But I'm only getting hotter
Doing shit I never thought of
Now my ex no longer getting thought of
Can't go a day without my name getting brought up
Stop blowing up my phone, it's a problem
Gonna ice my wrist til' my fist go numb (uh)
I'ma needa see a doctor
I'ma fuck that hoe til' her sister calls
Shawty singing like Lana
Niggas said they want drama
Tol' 'em niggas pull up, I'm on my partnas'
Don't bother me if you ain't talkin' economics
After everything I've accomplished

I'm comin' through, make way for me
How can y'all throw shade on me?
Y'all ain't set a place for me
Said y'all ain't have space for me
Now they all some friends with me
The same ones said they prayed for me
I know they gon' hate on me
But they still gon' watch me faithfully

Comin' through, make way for me
How can y'all throw shade on me?
Y'all ain't set a place for me
Said y'all ain't have space for me
Now they all some friends with me
The same ones said they prayed for me
I know they gon' hate on me
But they still gon' watch me faithfully

My shooters keep on sprayin' for me
Don't play for me
I told you don't change on me
And you changed on me
That's just strange to me
You cried night and day for me
That shit puts a strain on me
Can't have your name engraved on me

Your girl don't gotta' cuff
Cause' we gotta' share
She be gettin' looks
I be gettin' checks
Don't gotta' call shots
Cause' we on a jet
Someone get a towel
Shawty' gettin' wet (Oh yeah)
She be lovin' my vibrato
Can we get another bottle
You pull up in a Maserati
We show up in a newer model
I wear designer tastefully

You sweet like cherry jubilee
Spent a check on food for three
My ma' would be the strength for me

Comin' through, make way for me
How can y'all throw shade on me?
Y'all ain't set a place for me
Said y'all ain't have space for me
Now they all some friends with me
The same ones said they prayed for me
I know they gon' hate on me
But they still gon' watch me faithfully

Comin' through, make way for me
How can y'all throw shade on me?
Y'all ain't set a place for me
Said y'all ain't have space for me
Now they all some friends with me
The same ones said they prayed for me
I know they gon' hate on me
But they still gon' watch me faithfully

Still gon' watch me faithfully
You still gon' watch me faithfully
Still gon' watch me faithfully
You still gon' watch me faithfully
