

Left Behind

Shaboozey

Thought we were getting lunch at 1: 30
And now it's 2: 29
It's a 20 minute drive even when I can't wait
You said everything's fine
But by the end of the day
Get into another fight
And you're quick to bring it up
You not only did it once, you had to do it twice (ayy)

Told me step to the left
Then you stepped to the right
Can you make up your mind?
You can never decide
Said you can't stay the night
Then you always spend the night
You don't ever wanna' leave when I tell you in the morning that I gotta' catch a flight
One day you're mine and then you're not
You asked for time, I give you time
Don't come blowin' up my line like you [?]
All I said is that it's stupid, left behind

I ain't go to college
I was countin' commas
You was workin' at McDonald's
I was livin' in the Valley (livin' like a valley boy)
Fell in love with a model
She had Aderall by the bottle (said baby stop takin' them)
She said [?]
Said that really ain't a problem
Even though I wanna' [?]
Don't mind [?] (Hol' up, wait)
That's your chick
Might hit a lick' though
In your crib, gotta' tip-toe
Said you comin' home soon
You been sittin' at work, we were putting in work
Been in every single room
You ain't gotta work no more
Your girl faithful, your crib distasteful
You ain't got good taste
Got a check, I'm grateful
No place I can't go
We on the Bahamas spendin' every single dollar
My team needs a Cruiseline

Tell me step to the left
Then you step to the right
Give me every single time
You can never pick a side
Said you can't stay the night
Then you always spend the night
Don't know if you're good for me
But I gotta' roll the dice
One day you're mine and then you're not
You asked for time, I give you time
Don't come blowin' up my line like you [?]

All I said is that it's stupid, left behind

Oh (All I said is that it's stupid, left behind)

Oh (All I said is that it's stupid, left behind)

Oh (All I said is that it's stupid, left behind)

Oh (All I said is that it's stupid, left behind)

Yeah, yeah

Is this that what you [?]

Begged me not to leave

Said you would be there

Said you'd be there for me

Said you wouldn't lie

But you lied to me

Remember [?]

Left me there to bleed

I was hurt so bad

Never felt that weak

Weak

Never felt so free

You're no good for

You're no good for

You're no good for me
