

## Drawn To Water - The Path

Shade Empire

I follow the nocturn  
Observe in silence  
What does that make of me?  
Maybe I just want to follow the trail?  
And find something from the dark

Those who walk during the day  
Cannot understand the yearning  
From the light of the stars  
You can gain something that will kill the thirst  
But just for a second

Smoke will cover those rays of light  
And you just have to wander on

In the haze of dawn  
The silhouettes are cast to the horizon  
A line drawn to the water that breaks  
Once you throw the first stone  
You can see it in the clouds if you want  
Or if you can bend the time  
In ways that the end becomes the beginning  
And the path is just revealing itself

In pitch black you need no eyes  
Because you can't see a thing

Smoke will cover those rays of light  
And you just have to wander on

In the haze of dawn  
The silhouettes are cast to the horizon  
A line drawn to the water that breaks  
Once you throw the first stone  
You can see it in the clouds if you want to  
Or if you can bend the time  
In ways that the end becomes the beginning  
And the path is just revealing itself
