Superzero

Shades Apart

So we meet again
I'm the one to call in
When the big shots in town
Let you down

I'm the last defense
I'm too dense for a weakness
No fear at all

Superzero, Superzero
At an all-time low
The only way to go
Superzero, Superzero
Last chance hero

Don't look so surprised
If I'm not in disguise
We'll get out of this shit
It's no sweat

I've got nothing to lose
What's a few more bruises
No fear at all

Superzero, Superzero
At an all-time low
The only way to go
Superzero, Superzero
Last chance hero

The bigger they are
The harder they hit
Look at these scars
Don't know when to quit

I'm seeing stars
I'll never admit it
No fear at all, no fear at all

Superzero, Superzero
Superzero

Superzero, Superzero
At an all-time low
The only way to go
Superzero, Superzero
Last chance hero

Last chance hero
Last chance hero
The last chance hero
Superzero, Superzero
