

Souls Devoured

Shadows Fall

Violence steals the air we breathe
Suffocating
The unholy begin to feed
Souls devoured
In silence the stars will fall
All hope abandoned
They come for one, they come for all
There's no escaping

Which way is up, which way is down?
Freefalling
The silent water in which you drown
Sinking deeper
The crushing weight, you cannot breathe
Unrelenting
All the voices begin to scream
Rising terror

Seek out the voices in your mind
Might be the only way to survive
The demons trapped behind your eyes
Never drowning out their cries

All souls devoured
Falling faster
All souls devoured
Forever after

Forever after
Forever after

Fearing we reached the end
Can we ever hope again?

Seek out the voices in your mind
Might be the only way to survive
The demons trapped behind your eyes
Never drowning out their cries

All souls devoured
Falling faster
All souls devoured
Forever after
