

# Once Upon A Time

SHAED

Once upon a time  
We were gonna fall in love  
We were so sure  
Blinded by the stars above  
I tried and tried to warn you  
That I could fall apart

All of my walls came crashing down on me  
You can't save me  
All of my walls came crashing down on me  
You can't change me

Once upon a time  
We were gonna have a life  
You had the car running  
All you had to do was drive  
I tried and tried to love you  
But I wasn't brave enough

All of my walls came crashing down on me  
You can't save me  
All of my walls came crashing down on me  
You can't change me

(Once upon a time)  
Save me  
(Once upon a time)  
Save me  
(Once upon a time  
Once upon a time  
Once upon a time  
Once upon a time  
Once upon a time)
