

Osaka

SHAED

In Osaka
There's a mantra
Never lose control

But I'm hungry
For the money
Now I gotta strike gold

Sick of all your wondering
Will the stars align again?
I can tell you how the story ends

But you already know
You already know
You already know

We in London
It's a bumpin'
But I wanna get lost

Find a bottle
Now it's hollow
But I'm filling my thoughts

Eyes are on the hour glass
Betting that we're powerless
I can tell you how the story ends

But you already know
You already know
You already know

Sometimes I wish I let go
Wish I let go
Wish I let go
Maybe I gotta let go
Gotta let go
Gotta let go

But you already know
You already know
You already know

You already know
You already know

You already know
