

# Perfume

SHAED

You better believe I fell in love with you  
Dippin the pen again cause I want to claim you  
I'll write the rules and you will sign your name  
Ink dries, I cut ties so move quickly my dear

They say I eat the greatest cake  
I do and you can't stop me  
Take off  
I can't stand it  
No more

Baby I choose you  
Like new perfume  
Not gonna lose you  
Never gonna wash you off

Drippin' grace outside as I sip my tea  
Conversations closed til you send me your deal  
I'm not the type to sit and wait around  
Rather have another drink and drown

They say I eat the greatest cake  
I do and you can't stop me ooo  
Take off  
I can't stand it  
No more

Baby I choose you  
Like new perfume  
Not gonna lose you  
Never gonna wash you off

Cause you're like perfume all on me  
Cause you're like perfume all on me  
I'm gonna wear you endlessly  
Perfume on me  
Perfume on me

Baby I choose you  
Like new perfume  
Not gonna lose you  
Never gonna wash you off  
Never gonna wash you off

Can't stop  
Can't stop  
Can't stop  
Never gonna wash you off  
Can't stop  
Can't stop watching you  
Can't stop  
Cause you're like perfume
