

Rocket In The Sky

SHAED

Brush my teeth, forget the toothpaste
Tripping over untied shoelaces
Ever since the day you crashed in my life
All the little things got left behind

I'm just so in love with you
Don't know what the hell to do
When you look me in the eyes
I get lost in paradise
I'm just so in love with you
Don't know what the hell to do
You're the brightest thing alive
Like a rocket in the sky

I broke a mirror, a black cat crossed by
I don't care 'cause luck is on our side
Together
Never cared, but now I wonder
Is there something on the other side?

I'm just so in love with you
Don't know what the hell to do
When you look me in the eyes
I get lost in paradise
I'm just so in love with you
Don't know what the hell to do
You're the brightest thing alive
Like a rocket in the sky

Always been a dream of mine
To go far beyond the sky
But with you, I get a taste
For the magic of that place

I'm just so in love with you
Don't know what the hell to do
When you look me in the eyes
I get lost in paradise
I'm just so in love with you
Don't know what the hell to do
You're the brightest thing alive
Like a rocket in the sky
In the sky
