Feels good to be home
So good, so good
Romain Virgo
So good, so good
It's Christmas

It's good to be home when
The lights are on the tree
That's right
When the presents are opened
I'm with the family

'Tis the season
Docked on an island, won't be prison
Flip-flops on my feet and
Catch me on the beach
Watching the sunset every evening

A gift to you from me, I'm guilty (You nah mean?)
This Santa Claus don't need no chimney
Twelve days with the family is simply
Unbelievable what can I say, the rest is history

Momma in di kitchen a perform
Everybody cooking up a storm
Just letting you know that it's the norm
Always keep di Christmas vibe warm

It's good to be home when
The lights are on the tree
The lights are on the tree
The presents are opened
I'm with the family
I'm with the, I'm with the family

Open presents under the Christmas tree
Yuh hear mi, yuh hear mi?
Dis Christmas, dis Christmas
Open presents under the Christmas tree
Under, under

No winter, no coat, uh
Much better diving in the water from the boat
Play di music loud, somebody pass di remote
Everybody singing an dem cyaan hold a note

Rum a beat every weekend
Slur pon mi speech wen mi speaking
Such a wonderful feeling
All wen Christmas gone I ain't leaving

It's good to be home when
The lights are on the tree
The lights are on the tree
The lights are on the tree, yeah
An weh wi seh?

The presents are opened
Open up presents
I'm with the family
I'm with the, I'm with the family

Oh, it's good to be home when
The lights are on the tree
Oh, the lights are on the tree
When the presents are opened
You know it, you know it
I'm with the family
I'm with the family
