

## Scheming

Shaggy

Girl I trick style  
Take freedom watch up!

Where you a come from this morning?  
How you've been strolling in your life?  
I got no answer when I was calling  
Your phone's been off all night  
No regards for my feelings  
I think it's time we sever ties  
It's clear to me you're creepin  
Don't wanna hear no more lies

'Cause you be scheming  
You take my feed yap  
You be scheming  
No take mine for a fool no way  
You be scheming  
You take my feed yap  
You be scheming  
No take mine for a fool no way

You think you are so clever  
Yea it's got its own back ways  
You slip and call me Trevor  
Such disrespect to my face  
Good luck on your future endeavors  
I'm checkin out of the race  
I'll see you whenever  
One last guilty embrace

'Cause you be scheming  
You take my feed yap  
You be scheming  
No take mine for a fool no way  
'Cause you be scheming  
You take my feed yap  
Girl you be scheming  
No take mine for a fool no way (2x)
