

Unlearned (Demo)

Shai Hulud

This was no upbringing. It only tore me down
I was not taught. I was twisted
This education is deprivation of the truth, halting my growth

Governed in the wrong
Schooled in churches of dissent
A fear of everything instilled in me
But bleeding through this involvement, I dub myself

I unlearned what you have beat into me

Governed in the wrong
Schooled in churches of dissent
A fear of every man instilled in me
Driven in like nails
