

Complete Love

Shai

Precious
As far as I can see
Wearing no perfume
Smell of a gentle breeze
You show desire
It's not what you say it's how you do everytime
So strong
I feel your pain
You've been through

Said you are my complete love
And I won't ever give you up

She's so gorgeous
As far as I can tell
She's got a style of her own
She's all alone
Sittin on top of the world
She's so special
One of a kind
Soul sister, love divine
So be mine
I love you all the time

Said you are my complete love
And I won't ever give you up

You are the one girl
You fulfill my soul
You are my heaven
You are you are you are
My shining star
Know who you are

Said you are my complete love
And I won't ever give you up
