

Sexual Interlude

Shai

Hey you
I'm so glad you decided to come over
I've so many things to tell you you know
So come in
Sit down
And listen up
I said if I ever fell in love again
Next time the lady would be... just... like... you
And that if you would just tell me you loved me
We'd be together forever
No matter what changes we went through
I'll always be your comforter
So for tonight
Yea, just for tonight
Tonight we'll get sexual
Yea
