Old fashioned love, you stole my heart again, again Old fashioned love, I miss the way it's been, it's been

Do you feel alone Or is it just me Who's on my own

Old fashioned love, you led me on back then, why not again

Do you feel alone Or is it just me Who's on my own

Old fashioned love, you broke my heart back then, please not ag ain

Please, please, not again Don't break my heart, no, not again You broke my heart, broke my heart Not again, not again

Old fashioned love
