

## Reset-After-All

Shaka Ponk

I cannot control myself, I cannot control myself... I'm weaké!  
I might need someone to help, I might need someone to help... to make it!

Who's gonna catch your fall? Reset after all! Open un poco and  
gimme tu mano, da me la mano, yammmmm  
How do we fix this mess? With some love I guess... Reset un poco...  
solo no puedo, solo no puedo, yammmmm

I cannot control myself, I cannot control myself I might need someone else,  
I might need someone to help me.
