

Stop The Bot

Shaka Ponk

The crazy girl I know
She's a C3PO
Talkin' like a robo'
I don't understand
I thought she was a blond
Too bad I'm movin' on
Don't want a chica meca complicated
See me walkin' like a monkey
Talkin' like a ouisti
quittin' and let go

You can't stop the bot
can't stop the bot

Diggi-diggin' on and on can't stop the bot
diggin' on and on can't stop the bot [x3] yo

The city symphony (ahah)
So far I want to be (to be)
Those crazy bots I know
are so addictive
Silly locos on the streets
They're feelin' uncomplete with
version 1.0

Now I wanna celebrate the flaws
and make my baby love
with nothing but some love
I wanna...
Love I
We can't...

You can't stop the bot
can't stop the bot

Diggi-diggin' on and on can't stop the bot
diggin' on and on can't stop the bot [x3] yo

See me walkin' like a monkey
Talkin' like a ouisti
quittin' and let go
Now I wanna celebrate the flaws
and make my baby love
with nothing but some love
I wanna...

You can't stop the bot
can't stop the bot

Diggi-diggin' on and on can't stop the bot
diggin' on and on can't stop the bot [x3] yo
