

## Summer Camp

Shaka Ponk

Sound of footsteps on the floor  
Someone's knocking on the door  
It's my turn to get a ride to summer camp  
There the days are never cold  
There is no more growing old  
You'll see it's a little like summertime

Write me a letter when I'm gone, yeah  
Write me a letter when I'm gone

Clouds as sweet as sugarcane  
Warmer than the summer rain  
This is where we'll meet again sometimes

Here I'm choking on the pills  
My lungs, my heart can't be filled  
Watch the clock it's ticking slow  
You know it's time for me to go

Write me a letter when I'm gone, yeah  
I'll read it at the break of dawn  
Write me a letter when I'm gone, yeah  
I'll read it at the break of dawn

Celebration has begun  
Someone wanna have some fun  
A funny coloured little lamb summer camp  
Silky fields upon the hills  
I wish that you could only feel  
Promise we will meet again sometimes

Write me a letter when I'm gone, yeah  
I'll read it at the break of dawn

Celebration has begun  
See me dancing in the sun  
My love is spinning all around  
My love is floating all around your soul  
If you're lookin' thought the night  
Among a billion cosmo lights  
There's a weirdo running wild  
There's a kiddy running wild

Flying to summer camp, yeah  
Sweet sunny summer camp  
Flying to summer camp, yeah  
Sweet sunny summer camp

I'm whole, I'm pure eternity  
I'll send you pictures, you will see  
Write me a letter when I'm gone  
I'll read it at the break of dawn
