

Don't Blame It On Love

Shakatak

Don't blame it on love
Don't blame it on love
Don't blame it on love
Don't blame it on love

It ain't no use pretendin'
When a love affair is endin'
That you can't accept the part you play

'Cause when two people fall in love
And go together hand in glove
That's the hardest thing to throw away

Don't blame it on love
I couldn't help if I tried
Don't blame it on love
Don't blame it on love
I thought that I could be your guide
Don't blame it on love

The power of love can be so strong
It hurts so much when things go wrong
I never thought we'd ever feel that pain

But love can be a passin' friend
And turn against you in the end
And so we find ourselves back here again

Don't blame it on love
I couldn't help if I tried
Don't blame it on love
Don't blame it on love
I thought that I could be your guide
Don't blame it on love

Don't blame it on love
I couldn't help if I tried
Don't blame it on love
Don't blame it on love
I thought that I could be your guide
Don't blame it on love
