

Racing With The Wind

Shakatak

Clear blue sky
My ship is in the bay
Wind blow high
And carry me away
Sea bird cry
Above the ocean roar
Wind blow high
And I'll sail forever more

Last goodbye
The tide is turning fast
Wind blow high
You're calling me at last
You and I
Will be enemies and friends
Wind blow high
Until my journey ends

Clear blue sky
My ship is in the bay
Wind blow high
And carry me away
Sea bird cry
Above the ocean roar
Wind blow high
And I'll sail forever more

Last goodbye
The tide is turning fast
Wind blow high
You're calling me at last
You and I
Will be enemies and friends
Wind blow high
Until my journey ends
