

Heartstopper

Shakey Graves

Can't stand it here any longer
Can't take it if it gets any hotter
I had a good thing goin on
Wonder where all the time has gone

Nothin but trouble lately
I must admit I've been quite a mess
Runnin low on conversation honey
Hate to say it
I got nothin left

So much for mild mannered me
Say hello to terrible company
How rotten
How have we forgotten
How far from home we may really be

Are you having fun yet
Livin the dream
Paycheck to paycheck
Each time I start to leave
My heart starts to
Skip another beat
My hearts starts to
Stop
My heart starts to
Skip another beat
My heart starts to
Stop

Sick and tired of feeling fancy
Fed up with just hanging around
This ain't no land of milk and honey, honey
Whatever happened to the cool crowd

So much for mild mannered me
Say hello to terrible company
How rotten
How have we forgotten
How far from home we might really be

Are we having fun yet
Livin the dream
Paycheck to paycheck
Each time I start to leave
My heart starts to
Skip another beat
My hearts starts to
Stop
My heart starts to
Skip another beat
My hearts starts to
Stop
My heart starts to
Skip another beat
My heart starts to
Stop

Stop
Stop
