

## Kids These Days

Shakey Graves

We're all so fucking high  
Oh, gonna live forever  
But, oh how time flies by  
For kids these days

Well, sure you got some good advice  
From an unsuccessful husband  
Well that's not where the road ends  
Oh, it's kids these days

Well, so no one ever checked  
Yeah, and no one ever prospers  
That's not how the laws work  
Oh, for kids these days

So go and let it ride  
To let you know I've found you  
And that's just what the youth do  
Oh, for kids these days

They all listen to songs that go "baby girl"  
Oh, they wanted this to be [?]  
'Cause you I'll give you the world  
Oh, I see you walking all the time  
And I'm thinking I'll come on by  
Ooh, this time  
'Cause if I would be right  
You must be my baby girl
