

## Ready or Not

### Shakey Graves

Ready or not  
Here comes the weekend  
You'll be standing around, talking a lot  
I don't need a reason  
To tell myself I'll be alright  
I hope that it's true  
I'm already out for the night  
Why not make it two

Yes so ready or not  
Then here comes the wedding  
You wear the white I'll say why not  
What are we forgetting  
To tell ourselves we'll be alright  
I hope that it's true  
You're already one of a kind  
Why not make it two

Yes so ready or not  
Here comes the funeral  
You wear the black and I'll pick the plot  
It's all so unusual  
Saying we'll all be alright  
And you know that ain't true  
It's only a matter of time  
What else can you do

We're already telling a lie  
Why not make it two
