

It's Gonna Be A Lonely Christmas

Shakin' Stevens

It's gonna be a lonely Christmas
There'll be no sleigh rides this year with me
It's gonna be a lonely Christmas
This year
Oh, yeah

Well, I remember our last Christmas
We had a good time, now I've got the blues
It's gonna be a lonely Christmas (Gonna be lonely)
Without you
Oh, yeah

There'll be no mistletoe, there'll be no fire glow
But your flame still burns in my heart
I'll be thinking of you with your Christmas of white
Oh, but mine will be coloured blue

It's gonna be a lonely Christmas
There will be no joy without you here
It's gonna be a lonely Christmas (Gonna be lonely)
This year
Oh, yeah

There'll be no mistletoe, there'll be no fire glow
But your flame still burns in my heart
I'll be thinking of you with your Christmas of white
Oh, but mine will be coloured blue

Well, I can hear a choir singing
Singing a Christmas tune
But it's gonna be a lonely Christmas (Gonna be lonely)
This year
Oh, yeah

It's gonna be a lonely Christmas (Gonna be lonely)
This year
Oh, yeah
