

Never

Shakin' Stevens

Mmm Never,
I know I'll never,
Or ever grow tired of you

Oh never,
I know I'll never,
Or ever stop loving you

And you will never have to cry
'Cause I will never make you blue
And there will never be a cloud
To keep the sun from shining through

Oh never,
I know I'll never,
Or ever stop loving you

And you will never have to cry
'Cause I will never make you blue
And there will never be a cloud
To keep the sun from shining through

Oh never,
I know I'll never,
Or ever stop loving you
Neeeveerrrr
I'll never stop lovin' you baby!

Ooohh [till fade out]
