Tick Tock

Shakin' Stevens

Tick tock, can you hear that clock?
We can't do that no more, no more

It's on the news most every day
How we've been throwing our world away
Drilling and churning, flooding and burning
Sure under pressure now, come what may
We treat our planet like a piece of dirt
If we don't stop, we'll all get hurt

No, no, we can't do that
We can't do that no more
Tick tock, can you hear that clock?
We can't do that no more, no more

We live in fear of our life-giving sun
Ain't it crazy, 'cause there's nowhere to run
Too many people ignoring the warning
Concrete jungles – just look what we've done
And those in power, do they really care?
It's profit over planet, that's the problem right there

No, no, we can't do that
We can't do that no more
Tick tock, can you hear that clock?
We can't do that no more, no more

Hindsight is such a wonderful thing
But we didn't know what tomorrow would bring
Plastic and poison choking the ocean
We all bear this terrible sin
We need to listen 'cause there's nowhere to hide
We gotta do something if we wanna survive

No, no, we can't do that
We can't do that no more
Tick tock, can you hear that clock?
We can't do that no more, no more

One shot is all we've got... Tick tock
That's the sound of time running out... Tick tock
This is your final call... Tick tock
Tick tock
