1. Tell me lies, slap me on the face, Just...  
**Cmi** **G**  
Improvise, do something really clever,  
**Ami** **Cmi** **G** **Ami** **As** **G**  
That'll make me hate your name forever

**Ami** **G**  
You might swear, you'd never touch a lady  
**Cmi** **G**  
Well, let me say, you're not too far from maybe  
**Ami** **Cmi** **G** **Ami**  
Every day you find new ways to hurt me

**As** **G** **D** **Ami**  
R: But I can't help it if I'm just a fool  
**C** **G** **D** **Ami**  
Always having my heart set on you  
**C** **G** **D** **Ami**  
'till the time you start changing the rules  
**C** **G** **D** **Ami**  
I'll keep chasing the soles of your shoes  
**Cmi** **G**  
Ahh..., fool

2. God resigned, from hearing my old story  
Every night, I'm paying hell for glory  
I'm embarrassed but I'm much more sorry  
  
All this pain, begins to feel like pleasure  
With my tears, you'd make a sea, a desert  
Salt my wounds and I'll keep saying thank you

R: But I can't help it if I'm just a fool...
