

Nothing Feels Better

Shakka

Ooh-ooh-ooh-ooh

The world is mine, but I want you
I close my eyes and déjà vu help me realise
I'm right where I should be, yeah
I want you more than just a night
I'd die for you, I'd give my life, and I realise
I'm right where I should be, yeah

When the world is over, I'll wait here for ya
Through space and time, I still adore ya

Oh, nothing feels better than you
Oh, nothing feels better than you
All those kisses and hugs wake me up in the morning
Forever I'm yours, just know that I'm all in
Nothing feels better than you

Oh-ooh
Ooh
Ooh-ooh-ooh-ooh
Oh-ooh
Ooh
Ooh-ooh-ooh

Love ain't blind and that's the truth
Put you on top, I'll never lose, and I realise
I'm right where I should be
You got me ready to say that 'I do'
It's getting harder to play, play cool, and I realise
I'm right where I should be

When the world is over, I'll wait here for ya
Through space and time, I still adore ya

Oh, nothing feels better than you
No
Nothing feels better than you
Oh yeah
All those kisses and hugs wake me up in the morning
Forever I'm yours, just know that I'm all in
Nothing feels better than you

Oh-ooh
Ooh
Ooh-ooh-ooh-ooh
Ooh
Ooh
Ooh-ooh-ooh-ooh

Oh-ooh
Ooh
Ooh-ooh-ooh-ooh
Ooh
Ooh-ooh-ooh-ooh
