

# Take It There

Shakka

Breaking my baby's heart  
Baby, come take me back  
I don't really wanna go back  
Why you wanna take it there?  
Why you take it there?  
Why you wanna take it there?  
Why you take it there?  
Why you wanna take it there?

It's a million miles from when we started  
Changing all the stories  
You stay mad about things from the past  
Giving me the good, good  
The bad and the ugly  
Baby, I'm a good guy  
I ain't no wannabe hood guy

I don't wanna lose you, no, no, no  
I don't wanna change you, no, no, no

Breaking my baby's heart  
Baby, come take me back  
I don't really wanna go back  
Why you wanna take it there?  
Why you take it there? (Why? Why?)  
Why you wanna take it there?  
Why you take it there? (Why? Why?)  
Why you wanna take it there?

Do you even think that we could love again  
After what I did, what I did?  
Baby, say if you believe I would do it all again  
After what I did, what I did

And I want to erase those thoughts in your mind  
Baby, I'm a good guy  
I ain't no wannabe hood guy

And I don't wanna lose you, no, no, no  
I don't wanna change you, no, no, no

Breaking my baby's heart  
Baby, come take me back  
I don't really wanna go back  
Why you wanna take it there?  
Why you take it there? (Why? Why?)  
Why you wanna take it there?  
Why you take it there? (Why? Why?)  
Why you wanna take it there?
