

Around The World

Shakra

Waking up like every morning, baby
Wearing a worn out empty head
I told you last night that I'll call you maybe
Gotta break out before I'm dead
Before I'm dead

I'm gonna ride around the world
I'm gonna let my voice be heard
I'm gonna ride, I'll keep my pride
Until the end of time
I'm gonna ride around the world
Around the world

Gonna be a six string soldier, baby
Fighting against the emptiness
Gonna dance with gods and devils, maybe
Living my life to the excess
To the excess

I'm gonna ride around the world
I'm gonna let my voice be heard
I'm gonna ride, I'll keep my pride
Until the end of time
I'm gonna ride around the world
Around the world

Yeah, I'm gonna ride around the world
I'm gonna let my voice be heard
I'm gonna ride, I'll keep my pride
Until the end of time
I'm gonna ride around the world
Around the
I'm gonna ride around the world
Yeah, I'm gonna ride around the world
I'm gonna let my voice be heard
Yeah, I'm gonna let my voice be heard
I'm gonna ride, I'll keep my pride
Until the end of time
I'm gonna ride around the world
Around the world
Around the world
