

## Eye to Eye

Shakra

One day I went to the doctor  
I asked him when and how I'll die  
I gave him tons of dirty money  
He said I won't tell you no lie

You need the magic key  
To help you stay alive  
The one that fills you up  
With love and hope and drive

I, I will survive eye to eye  
I'm gonna keep it in my mind  
'Cause I've got just this life, how could I  
I'm gonna keep it in my mind, oh yeah  
Oh yeah

Maybe I should just keep on living  
The way I did, the way I have  
Go on and on and keep on giving  
Because it's me and it's my life

You need the magic key  
To help you stay alive  
The one that fills you up  
With love and hope and drive

I, I will survive eye to eye  
I'm gonna keep it in my mind  
'Cause I've got just this life, how could I  
I'm gonna keep it in my mind, oh yeah  
Ooh, yeah

I, I will survive eye to eye  
I'm gonna keep it in my mind  
'Cause I've got just this life, how could I  
I'm gonna keep it in my mind, yeah  
I, I will survive eye to eye  
I'm gonna keep it in my mind  
'Cause I've got just this life, how could I  
I'm gonna keep it in my mind, oh yeah  
Oh yeah
