

# Friday Nightmare

Shakra

It's like a bad excuse  
I'm tired of your booze  
Don't like my attitude?  
Already being rude?

So tell me why  
Just one more time  
Tell me no lie  
Why don't we try?

'Cause it's Friday, Friday nightmare  
Same old song  
Every Friday, Friday nightmare  
Same old crap, same old song

Why don't we ace our age?  
Let's turn another page  
Let go of all the rage  
Get out of this damned cage

So tell me why  
Just one more time  
Tell me no lie  
Why don't we try?

'Cause it's Friday, Friday nightmare  
Same old song  
Every Friday, Friday nightmare  
Same old crap, same old song

...
