

# High Noon

Shakra

So I believed I was feeling all right  
We were so close, were tight  
This cow is branded now  
I'm moving on

Showed me the reason, don't you take my hand  
I don't need to understand  
Smoke in my eyes, all those lies  
And let me go  
(And let me go)

You had to stay alive to see me die

We meet at high noon, oh yeah  
It's gonna be soon  
I'll be there  
We meet at high noon  
I'm gonna hit you  
It's gonna be soon  
Oh yeah  
Load your gun  
We meet at high noon

You made your own bed and I wish you sweet dreams  
I'm much stronger than it seems  
Remember that you screwed up  
Before you go  
(Before you go)

You have to stay alive to see me die

We meet at high noon, oh yeah  
It's gonna be soon  
I'll be there  
We meet at high noon  
I'm gonna hit you  
It's gonna be soon  
Oh yeah  
Load your gun  
Draw fast a round  
We meet at high noon

We meet at high noon, oh yeah  
It's gonna be soon  
I'll be there  
We meet at high noon  
I'm gonna hit you  
It's gonna be soon  
Oh yeah  
Yeah, we meet at high noon, oh yeah  
It's gonna be soon  
I'll be there  
We meet at high noon  
I'm stronger than you  
It's gonna be soon  
Oh yeah  
Load your gun

Draw fast a round  
We meet at high noon  
High noon
